Vol. 2 No. 164.

RUSHVILLE, IND. WEDNESDAY EVENING, SEPTEMBER 20, 1905.

Single Copies, 2 Cents

RATE OF TAX LEVY IS FIXED

Ante Room Again Plays an
Important Part in Council
Meeting.

P. C. C. & S. L. Must Place Flag-
man at Seventh St.—Letter
from R. R. Commission.

The ante room to the council chamber, which has been of such great service to the Democratic members of the city council, during the present city administration, came into play again Tuesday night, when council repaired to the room and arranged over the question of fixing the rate of tax levy for the year 1906. For some fifteen or twenty minutes the conference lasted and then council filed into the room and the committee having the matter in hand, reported that an ordinance fixing the rate of a levy for 1906 had been drawn up.

Ordinance No. 162, fixing the rate of tax levy at 65 cents on each \$100 worth of taxable property for the general fund and 55 cents on each \$100 worth of taxable property for the water and light fund was then introduced.

There was some discussion concerning the ordinance. City Attorney Megec announced that the former rate was 60 cents for the general fund and 60 cents for the water and light fund.

Councilman Purcell moved that the report be considered the first reading of the ordinance, and that the rules be suspended and the ordinance put upon its final passage. The motion was carried and the ordinance was passed by a unanimous vote. The dog and poll tax levy will remain the same as under the old ordinance.

Under the new ordinance the rate for the water and light fund is reduced and the rate for the general fund increased. In this way the city gets more money to carry on its various expenses, while the water and light plant is left to "fight it out on its own hook."

All members of council were present. Mr. Brann, however, came in late. Mayor Hall presided.

The petition of W. F. Kenner for cement walk, curb and gutter on both sides of Sixth street, from Morgan to Harrison street, together with the petition of G. P. McCarty, Frank Cross and other residents on both sides of Tenth street, asking for new cement walks, curb and gutter, and crushed stone and the proper grade for the street, from Main street to the city park, together with the remonstrance on the Oliver street improvements were referred to the city attorney to draft a resolution ordering the improvements. An adjourned meeting will be held on Thursday night at 7:30 o'clock to take proper action upon these resolutions.

The petitioners on Tenth street ask for a cement curb, but there is a city ordinance in effect in Rushville, requiring stone curbing. The new cities and towns law, however, say that whatever kind of improvements asked for by the petitioners shall be constructed. City attorney Megec was of the opinion that the State law superseded the ordinance. Under the new law, two weeks of publication of the resolutions and two weeks for the notification to contractors are required before any improvement can be begun after the resolution is passed. In the opinion of some members of the council, four weeks from Thursday night, should the resolutions ordering the improvements be adopted, would make it too late for the walks to be completed by winter.

The finance committee reported that City Treasurer Spivey's report for August had been examined and found correct.

Mayor Hall reported that Policeman Vansickle had entered upon his duties three days before the time that his salary began. Nothing was said or done concerning the policeman's claims if he desires pay for the three days.

Superintendent Oliver Ong submitted his report of receipts and disbursements at the water and light plant during the month of August. The total receipts were \$764.61 and

the total disbursements were \$766.48. Excess of disbursements over receipts, \$1.87. The report was referred to the finance committee for investigation.

Ordinance No. 163, requiring the P. C. C. & S. L. R. R. to place a flagman on the Seventh street crossing, to be on duty within fifteen days, and from 7 to 6 p. m., Sunday excepted, flagman to be over 12 years of age, and a penalty of a fine not exceeding \$100, for violations, attached, was passed by a unanimous vote after the rules had been suspended and the ordinance put upon the third reading.

Mayor Hall reported that he had received word from the C. H. & D. attorney that this company was unable to repair the Main, Perkins, Harrison and Sexton street crossings at once, as the materials were not at hand, but that the repairs would be made as soon as these could be obtained.

The I. & C. Traction company submitted a communication, reporting that the cross walks along their right-of-way through the city had been repaired, and asking when council would inspect and accept them. Friday afternoon at 2 o'clock was set as the time for the inspection.

A letter from Charles B. Riley, secretary of the Indiana Railroad commission, stating that the commission had recently visited this city and investigated the C. H. & D. P. C. C. & S. L. wreck, and asking what action, if any, the city had taken toward safe guarding against any more accidents of the kind, was received and filed.

Mayor Hall reported that representatives of the railroad entering Rushville, had recently met in this city and held a conference regarding the installation of interlocking switches, which the Commission seemed to think were the proper thing. The question was taken under advisement by the railroad men, and nothing had as yet

Councilman Purcell reported that Mrs. Scanlan, proprietor of the Scanlan House, complained that the rate at which she was paying for city water for the hotel was too high.

The matter was referred to the water and light committee with Supt. Ong added, and with power to act.

The claim of City Treasurer M. V. Spivey for \$41.74 due him for collection of delinquent taxes, was referred to the Finance committee upon motion of Mr. Smith. Under the old law Mr. Spivey gets 6 per cent. of his collections and under the new law he gets 5 per cent.

Supt. Ong then desired to know what council wished to do about those new wells for which the city has expended much money, and some of which are little more than dry holes. There was some discussion concerning the employment of R. J. Greenwood to make an estimate and plans for connecting the wells, but no action was taken. City Clerk Lakin was instructed to order C. B. Lore to move his drilling outfit from Arthur street.

Council then adjourned upon motion been done in the way of a decision.

There was some discussion in council as to whether or not flagmen could be stationed at the railroad crossings.

Council seemed to think that the interlocking switches were the safest device that could be installed. City Attorney Megec seemed to think best that the city take no action that would conflict with any action upon the part of the Railroad Commission.

The Commission, it is understood, has the power to compel railroads to install the interlocking device which is manipulated from a switch tower.

There was some discussion as to the speed of the I. & C. cars while passing along Third street. An ordinance gives the I. & C. the privilege of running through the city at the rate of 15 miles per hour. Some of the councilmen thought that the traction cars were exceeding this rate of speed and they seemed also to be of the opinion that the I. & C. should station flagmen at the Main and Perkins street crossings. No action, however, in this question was taken.

Mr. Smith, after allowing the following claims and bills, including the street commissioners' pay roll and bills O. K. by Supt. Ong.

Westport Stone company, crushed stone, \$38.91; C. C. C. & St. L., freight on cars of stone, \$11.96; L. J. Geraghty, repairs to scraper, etc., \$2.50; R. J. Greenwood, one day's work, \$3.75; Havens Bros., salt, etc., 30c.; T. H. Reed, oats and feed, \$9.35.

Clarence Cross, mailing clerk in the Rushville postoffice, spent Monday at Greensburg before the Civil Service Examining Board, taking the railway mail clerk examination. He was accompanied by City Carrier Carmichael.

ARE CHARGED WITH FRAUD

Western Life Indemnity Com-
pany Under Judicial
Probe.

Many Thousands of Dollars are
Alleged to Have Been Im-
properly Taken.

Chicago, Sept. 20.—Charges of fraud, misapplication of trust funds and attempts to transfer assets to another concern are made in a suit for receiver and accounting, filed against present and former officials of the Western Life Indemnity company, an assessment insurance association. E. I. Rosenfield and W. H. Gray, the latter being the organizer of the association, are prominently mentioned in the bill in connection with alleged fraudulent voting of funds to themselves, and the bill was filed in the United States circuit court by Attorney S. Levinson, representing numerous policy holders. Later Attorney Levinson went before Judge Bethua on a motion for the issuance of a restraining order, stopping a meeting of officials of the company to be held Thursday. The motion met with resistance by the defendants.

Gray is alleged to have secured proxies from the thousands of members and thus controlled the directors. By securing this control, it is alleged that Gray had passed a resolution securing him the right by contract to draw \$1 for each \$1,000 in insurance issued. This was done in secret, and although the complaining policy holders recently learned of it, they were refused information by Rosenfield, Gray and others. Besides these many thousands of dollars alleged to have been improperly taken, it is declared Gray and his associates by other fraudulent means took many other thousands of dollars from the concern without the knowledge of the policy holders. Each of the defendants are residents of Lincoln, Neb. The defendant company is the successor of the Knights Templar and Mason Life Indemnity company, organized in 1884, and has more than \$20,000,000 in policies outstanding.

Gray is alleged to have secured proxies from the thousands of members and thus controlled the directors. ATTACK MADE ON RUSSIAN PRISON

Two Keepers and a Policeman
Killed.—Several Others
Injured.

(Special to the Daily Republican.)

Rigo, Russia, Sept. 20th.—During an attack upon the prison at this place last night, two of the prison guards and a policeman were killed. Many others were injured, some of them seriously.

REVOLUTION IN COLUMBIA

General Reyes Declares Himself
Dictator and Imprisons the
Supreme Court.

Special to the Republican

Panama, Sept. 20.—Unconfirmed reports have reached here to the effect that General Rafael Reyes, president of Colombia, has declared himself dictator and imprisoned the members of the supreme court at Bogota. Mobs, angered by this action, attacked the presidential palace and were fired on by troops, who killed or wounded many of the rioters. The reports say that revolutions have been started in Antioquia and Santander.

MUST PAY DEBTS

General Order Issued Regarding
Employees That Includes
Postmasters.

A Washington special says that post masters throughout the country must pay their debts or retire from the public service. Worried beyond endurance by the army of collectors seeking the payment of debts contracted by clerks in the department, the Postmaster General has issued an order in which he announces that the department "will not harbor any one who contracts a debt on the strength of his official position, and then, without sufficient excuse, neglects to make payment." This is to apply to postmasters as well.

NEW ADDITION TO THE CITY

H. B. Millikin Co., of Indiana-
polis, Buy Twelve Acres of
Z. E. Mauzy.

The H. B. Millikin real estate agency of Indianapolis, has purchased of Z. E. Mauzy, twelve acres of his ground on the western edge of the city, and immediately south of the Arlington pike, and will divide it into lots. A new addition to the city is planned.

Mr. Mauzy reserved a strip, 165 feet long on each side of the plot of the ground sold to the Indianapolis parties. Part of this he has already divided into lots.

BOOKS GO BACK TO A. L. GUTHEIL

Affairs of Equitable Association
Will Be Probed Still
Further.

A. L. Gutheil, of Shelbyville, one of the foremost men in Building and Loan circles in the country and the man who recently went over the books and reported former secretary, Gates Sexton's alleged shortage as being over \$23,000, was in the city today. When he left for Shelbyville he took the books of the defunct Equitable Building, Loan and Savings Association with him. Mr. Gutheil has been employed by Receiver Alvan Moor to look into the question of excessive dividends, which it is alleged were declared and which it is claimed were responsible in part for the failure of the association.

SCHLOSSER CASE IS CONTINUED

Sensational Divorce Suit Will
Not Be Tried This
Term.

Those who expected to attend the trial of the divorce case of Oral F. Schlosser vs. Zephia I. Schlosser, in the circuit court tomorrow will, no doubt be disappointed to learn that the case, was upon affidavit of the defendant's attorneys, continued today until the next term of court. The Schlosser case was venued to Rush circuit court from Hancock county, and is said to be one of the most sensational cases on record, both in Hancock county and Rush county.

Mason and Jackson, of Greenfield, and Hall and Campbell, of this city, are the attorneys for the defendant, and Marsh and Cook, of Greenfield, and Smith, Cambern & Smith, of this city, are the attorneys for the plaintiff.

WORKMEN HAVE A CLOSE CALL

Derrick Falls at I. & C. Camp
but the Men Escape
Injury.

Work on Line to Begin in Con-
nersville Soon—Progress at
at Williams' Creek.

Employees operating one of the grading outfits on the I. & C. traction line just west of Connersville, under the superintendency of Mr. Whitney, had a very narrow escape Monday from being caught beneath a falling derrick. The derrick is constructed from heavy timber and iron and is about twenty feet high. It is used in carrying large scoops of dirt and while being operated by about twenty men, some of the timbers that were partly rotten gave away and the big apparatus fell with a crash.

Fortunately the men were given a warning by the timber cracking as it started to fall and they no sooner had reached a place of safety when it crashed. Mr. Whitney in speaking of the accident, said the men had a very narrow escape, for if any of the heavy pieces had struck them they would have been instantly killed. This is the first mishap that has occurred to the men since operations have begun on the line between here and Connersville, and repairs were made at once to prevent any delay.

Work along the line is progressing nicely. Six large gangs of men are scattered along the line between this city and Connersville, equipped with the best modern grading machinery, and before our readers are much older much of the road will be ready for the ties and rails. As told by one of the contractors, the moving capacity of each outfit is about ten thousand yards of dirt each day, which indicates that the work is being rapidly pushed.

Work will begin within the Connersville city limits within thirty days. It is also understood that a contractor, other than those now engaged on the line, will have charge of the work, but who he is could not be learned.

The work within the Connersville city limits will doubtless be in progress many months, if double tracks are to be put in as in this city, and such is the general understanding.

Bernard Berg, who bought the Elwood building at Connersville from the traction company late Monday afternoon, has positive instructions to have the house off the right-of-way within thirty days.

Andrew J. Henry has leased a part off the rear of a lot in McFarlan's addition to the Cincinnati Brewing company at Connersville, and its cold storage and bottling works, that stands in the rear of the Elwood building will be moved to that location at once. Ed. Benedict, of this city, has the contract for the removal. John Fender is said to have the contract for the removal of the Elwood house.

Twenty more colored men arrived Sunday night at Williams Creek to work on and about the big bridge. The east pier is completed about eighteen inches above high water mark, and is therefore above the danger point, in case of flood, and perhaps a thousand perch of stone are piled up ready to handle, with which to complete the work. Digging for the west pier is in progress, but will be completed today or tomorrow.

There is nothing new in the finding of inexhaustible stone quarries in the vicinity of Williams creek. It was left for those at work on the traction line, however, to discover that this stone has a special and distinct value.

It makes the very best of crushed stone that now enter largely in the building of roads, bridges, sidewalks and all of the many things for which concrete is used.

Stone good for such purposes is not as common as some may believe. Some stone is flinty and does not crush easily. Other stone crushes to a powder and this, when exposed to the weather for any length of time, disintegrates and crumbles. Such is especially unfit for road building.

Men who have had to do for years with crushed stone say the stone at Williams Creek, on the J. M. Ochiltree farm, is at least as good as any they ever saw. It crushes and breaks easily and readily with little powdering or waste and because of the line in it, unites readily with the cement mass or mortar. This stone is being used in the construction of the concrete bridge at that point.

Work on the grade just east of this city is progressing nicely. Many people go out to the Flatrock bridge each day to watch the work of building the abutments. Mr. Helm, who has charge of the grading for a distance of four miles east of this city, is pushing the work as rapidly as possible. A large machine which cuts the dirt and then loads it into the wagons is being used.

Altogether 297 teams are at work on the grade between this city and Connersville. This does not include the teams working at the bridges. There are nearly fifty of them.

This afternoon President Charles L. Henry, of Indianapolis; Theodore Rose and George Ball, of Muncie; Louis Lathrop, of Indianapolis; Supt. Anderson and a number of other traction men arrived here on the company's private car No. 306, and accompanied by Attorney Claude Cambern, left at once in carriages to drive along the right-of-way between this city and Connersville. They will return by rail tonight.

TALK OF HAVING A STREET FAIR

Merchants May Give Carnival
During Week of October
8th to 14th.

There is some talk among the merchants of giving a street fair in this city during the week of October 8th to 14th inclusive. A number of merchants were discussing the matter and several of the merchants were seen in regard to donating to the fund. A good carnival company, it is understood, can be secured reasonably and it is believed that the movement will ultimately result in a carnival being given. At any rate, it is being talked of as very probable.

THE APPRAISERS SUBMIT REPORT

In the Condemnation Suit and
Assess Damages to Wiles
at \$445.

The condemnation proceedings of the I. & C. Traction company against J. B. Wiles et al. which was argued by the attorneys Monday before the board of viewers, J. F. Cotton, James Rea and Daniel Sherry, at Connersville, was reported on by that body Tuesday morning. The viewers who inspected the land that will be affected by the traction company submitted their report as having assessed the damages at \$445. What action will now result in appealing the case to the circuit court is not known as nothing definitely has as yet been done.

PATERNITY CASE IS DISMISSED

Court Finds that Proper Provi-
sion Had Been Made For
Rosa Osborn.

In the circuit court today the paternity suit of the State of Indiana ex rel. Rosa Osborn vs. Carl Ralston was dismissed by Judge Sparks upon finding that proper provision had been made by the defendant for the plaintiff and her child. Both parties appeared in court.

MANY DEAD AND INJURED

Two Fearful Collisions on the
Southern Pacific Near
Beowawe.

Special to the Republican

Reno, Nev., Sept. 20th.—Two fearful collisions occurred on the Southern Pacific railroad near Beowawe, this State today. Many people were killed and a large number of people were injured. Some of the injured will die. The details of the collision were not obtainable.

STILL WORKING ON BANK CASE

Rushville Bankers Called Be-
fore the Grand Jury
Today.

The grand jury is still grinding away with the investigation into the affairs of the defunct Arlington bank. The jury convened again this morning at 9 o'clock and immediately went to work. Several of Rushville's bankers, who did business with the Arlington bank, were examined today. Those witnesses examined were Edward Pugh, H. P. McGuire, J. B. Reeve and Earl Payne, of this city, and George Offutt and Mr. and Mrs. Joseph Johnson, of Arlington.

FLED FOR FEAR OF BEING ARRESTED

Ben O'Rear and Charles Lacy,
Colored, Accused of Steal-
ing Ducks.

It came to light today that the grand jury has been looking into the case of Bennie Orear and Charles Lacy, colored, whom it is alleged, stole a number of ducks and other fowls from W. A. Jones, at Riverside park, where they were employed. As far as can be learned no indictment has been returned. At any rate, it is said, the aforesaid colored gentlemen have left town, their whereabouts being unknown at the present time. The fowls, it is alleged, were sold to the Adams Produce company.

MATNEY CASE IS SETTLED

Judge Sparks Orders Land Sold
—Omar Stevens Appointed
Commissioner.

In the circuit court today in the case of Ada Jane Matney and others vs. William F. Matney and others for the partition of land in Noble township, Judge Sparks decided that the balance of the land, consisting of 190 acres, was not susceptible to partition. The land was ordered sold at private sale upon ten days' notice, one-half cash and one-half in a year, privilege of all cash. Omar Stevens was appointed commissioner to sell the land. His bond was fixed at \$25,000.

Dr. Colstine de Garma Gray, of Kentucky, has been the male sensation at Atlantic City this season, with his 149 suits and ties to match.

RUSHVILLE, IND., SEPT. 20, 1905.

The report of daring robberies in
 New York residences indicates that
 Wall street operations are extending
 uptown.

Tom Johnson is not losing any flesh
 because a candidate for Mayor has
 been nominated against him. He is
 confident that Cleveland, Ohio, knows
 a good thing when it sees it.

The more the few Japanese fruits of
 victory are investigated, the more
 valuable they appear. For instance,
 it is estimated that the fisheries of
 Sakhalin island will be worth prob-
 ably \$30,000,000 a year to Japan.

It has been suggested that the office
 of United States Senator at large be
 filled by Theodore Roosevelt when he
 retires from the presidency. We are
 inclined to think that when President
 Roosevelt leaves the White House the
 one position above all others that he
 will prefer will be that of United
 States citizen at large.

The Washington dispatches say that
 the Hon. John L. Griffiths, consul at
 Liverpool, is making interesting re-
 ports to the State department. This
 was to be expected. Mr. Griffiths not
 only knows the facts that should be
 considered in such a report, but also
 how to present them. It would be
 difficult to imagine anything coming
 from his pen that would not be inter-
 esting.

It is expected by people in the de-
 partments at Washington that there
 will be a general shake-up when the
 President gets back to Washington.
 It seems that the President is deter-
 mined to have more effective business
 methods adopted in the various de-
 partments, and this means a change
 from the conditions that have existed
 since the beginning of the government.

It won't be long till Congress meets
 again, and there will be some new
 experience, even for the old Congress-
 men. That is, of course, those who take
 part in the actual consideration of
 measures. These measures are of a
 sort that will introduce new phases
 and the pages of the Congressional
 Record will show a change from the
 monotony of the last few years. It
 is to be taken for granted of course
 that every live Congressman is prepar-
 ing himself for the task.

Denied by Minister Mendoza.
 New York, Sept. 20.—Diego Men-
 doza, Colombian minister to Wash-
 ington, is staying at present in this
 city. When informed of the Panama
 dispatch he said: "I do not believe
 there is a word of truth in the report.
 I received a cable dispatch from Bo-
 gota two days ago, and it said that
 the country was in complete and ab-
 solute peace, and that President Reyes
 was engaged in the reconstruction of
 the Colombian finances. If anything
 of importance occurred, I would surely
 have been informed of it. I am sure
 there is no disturbance in Colombia."

WILL NOT GRANT IT
 Coal Operators Will Deny the Eight-
 Hour Day Demand.

Seranton, Pa., Sept. 20.—One of the
 biggest coal operators in this region,
 who has just come from Philadelphia,
 where he had a conference with Pres-
 ident Baer of the Reading, declared
 unhesitatingly and for publication,
 that the operators will not, under any
 consideration, grant the demand of
 the mine workers for an eight-hour
 day, and that they propose to agree
 only that the present agreement shall
 be continued. Announcement to this
 effect will be made, he said, after the
 miners hold their convention in Sham-
 okin, Dec. 14.

Garber Denies the Issue.
 Columbus, O., Sept. 20.—Harvey C.
 Garber, chairman of the Democratic
 state executive committee, has issued
 a statement in reply to Chairman
 Dick's recent manifesto in which Mr.
 Garber denies that the tariff will be
 the chief issue in the Ohio campaign.
 Chairman Garber says that no na-
 tional issues are involved and none
 will be discussed by the people who
 are opposing Governor Herriek, and
 that it is hardly conceivable that Gov-
 ernor Herriek himself will refuse to
 discuss his own administrative acts.

WIDELY DISCUSSED

Governor's Speech at Hamilton Cre-
 ates Much Talk.

Indianapolis, Sept. 20.—Governor
 Hanly's speech at Hamilton, Ind., de-
 fining his position in the David E.
 Sherriek matter is all the talk here
 today. There is a wide difference of
 opinion expressed as to the propriety
 of it, many regarding it as a delib-
 erate attempt to strike Sherriek while
 he is down, while others thought it
 was entirely justifiable. Many said
 they saw no excuse for the governor
 making such a speech at such a time
 and place, but nearly everyone ad-
 mitted that it was a powerful utterance
 from his standpoint. Much of it was
 a repetition of what he said following
 the removal of Sherriek from office
 last week. The new features were his
 charges that Sherriek is a common
 gambler and that he was a defaulter
 almost from the time he took office.
 His charge that Sherriek favored the
 Monon road before the tax board in
 order to help a friend and that rail-
 road interests offered to make good
 his shortage if he should be retained
 in office were also new. During the
 last session of the legislature many
 knew that Sherriek distributed rail-
 road passes, but the governor's speech
 puts a new light on that transaction.
 No two men here, however, seem able
 to agree whether or not the speech,
 powerful and adroit as it was, will
 change public sentiment in the mat-
 ter.

On the eleventh floor of the State
 Life building here preparations are
 being made for the wage conference
 of the coal miners and operators here
 in January and February. It will prob-
 ably be one of the most important
 wage conferences ever held, as it will
 depend largely on the outcome whether
 or not there will be a big strike in
 the anthracite region. President
 Mitchell has been absent from the
 headquarters here for over two
 months. He has devoted that time to
 the anthracite region, and now has
 his headquarters at Shamokin. Sec-
 retary-Treasurer Wilson said today
 that the membership in the anthracite
 regions is rapidly increasing as the
 result of Mitchell's work. Over 25,000
 men have been enrolled within the
 last few weeks. The total paid-up
 membership of the organization now
 is 246,427, making it the largest labor
 organization in the world. The officers
 of the union are not predicting as
 to the outcome of the conference,
 but they are conservative, painstaking
 leaders and are very hopeful that a
 new scale will be settled without a
 strike.

The Hon. John W. Kern, late Demo-
 cratic candidate for governor, and
 one of William Jennings Bryan's warm
 personal friends in Indiana, introduced
 a resolution at a meeting of the direc-
 tors of the Commercial club indorsing
 President Roosevelt's position
 with reference to railroad rate legis-
 lation. The resolution follows: "Re-
 solved, That the position of President
 Roosevelt as to the regulation of rail-
 road rates be approved by this board,
 and that the delegates to be appointed
 by the president of this club to the
 interstate com. see law convention to
 be held Oct. 26-29 in Chicago, be in-
 structed to favor the legislation on
 the subject named as recommended by
 President Roosevelt. The fact that
 Kern, who is enjoying an incipient
 presidential boom himself, should find
 it in his heart to indorse the position
 of the "leader of the enemy," has
 aroused some comment among the
 politicians here. Kern, however, says
 there was no politics in it.

The betting on the city election
 continues light. For several weeks
 even money that Bookwalter will win
 went begging. Then even money was
 offered that he would have 2,500 ma-
 jority, and so on it was taken. Now
 \$100 to \$200 is offered that his ma-
 jority will be 3,500 and there are few
 takers, although that would be a phe-
 nomenal majority. The prevailing
 odds on Bookwalter are 10 to 8. There
 is surprisingly little interest in the
 campaign here up to date, but there
 will be something doing within a very
 few days, as both sides are getting
 ready for the final round-up.

The Deadly Live Wire.
 Wabash, Ind., Sept. 20.—Instant
 death from coming in contact with a
 live electric wire is the result of "high
 dive" sport in which several boys
 were indulging. Clarence Enyear
 made a dive and caught a live wire
 to break the fall. The wire was
 charged and the boy was electrocuted.

Caught on the Track.
 Washington, Sept. 20.—Paddy Huitt
 and J. B. Blackburn, both white men
 aged about thirty-five years, iron work-
 ers on the new railroad terminal sta-
 tion here, were killed while walking
 on the track by being struck by an
 engine on the Baltimore & Ohio rail-
 road. Huitt was cut to pieces.

Big Undertaking Suspended.
 Monticello, Ind., Sept. 20.—The dam
 of the Tippecanoe Hydraulic company,
 which was to have been finished Sept.
 1, will not be completed till next year.
 The company has ceased operation,
 and will do nothing this year. The
 plant is to cost \$1,000,000 when it is
 finished.

Finally Got Judgment.
 Chicago, Sept. 20.—A verdict of
 \$100,000 against the city of Chicago
 was given the Pan Handle railroad
 yesterday in a damage suit brought
 because of the burning of a number of
 freight cars belonging to the railroad
 company during the A. R. U. strike of
 1894.

WITH ROYAL HONORS

Was Miss Alice Roosevelt Received in
 Korean Capital.

Seoul, Sept. 20.—Through streets
 crowded with white-robed Koreans
 and lined by the imperial bodyguard
 standing at "present arms," Miss Alice
 Roosevelt, riding in the imperial yel-
 low palanquin, last evening triumph-

Copyright by Frances B. Johnston.
 ALICE ROOSEVELT.

antly progressed from the railroad
 station to the American legation. The
 roadways had been freshly paved and
 the shops draped with Korean and
 hastily hand-painted American flags.
 Miss Roosevelt, Rear Admiral Train,
 Senator and Mrs. Newlands, the
 Misses Boardman and McMillin and
 Congressmen Longworth and Gillette,
 arrived at Chemulpo yesterday after-
 noon. American Minister Morgan and
 staff and a number of high Koreans
 greeted the party, which proceeded to
 Seoul by a special train. The imperi-
 al car, which is only furnished to roy-
 alty, was placed at Miss Roosevelt's
 disposal. The court chamberlain met
 the party at a half-way station, on
 behalf of the emperor, with inquiries
 as to Miss Roosevelt's health.

On arrival at Seoul the party was
 hailed by a Korean band, which played
 the "Star-Spangled Banner." Korean
 policemen and Japanese gen-
 darmes guarded the roadway and gro-
 tesquely clad retainers bore long lan-
 terns. The passage of the party along
 the streets was everywhere heralded
 by the bugles of troops.
 Miss Roosevelt and Mrs. Newlands
 are guests of the American minister,
 and the rest of the party are staying
 at the imperial palace.

Ban on Liquor Business.
 Philadelphia, Sept. 20.—Chief inter-
 est in yesterday's session of the sov-
 ereign lodge, I. O. O. F., centered
 about the question of the liquor traf-
 fic as being a bar to membership in
 the organization. The report which was
 approved by the body in session de-
 cides in brief that no one can remain
 a member of a lodge who is engaged
 in the liquor business in any way un-
 less he were a member and so en-
 gaged and has been continually since
 the first ruling was made at the 1895
 convention at Atlantic City.

A Million Dollar Cathedral.
 St. Louis, Sept. 20.—Archbishop
 John Glennon, head of the Catholic
 archdiocese of St. Louis, who has
 been abroad for two months, has re-
 turned, bringing with him plans for
 the erection of a \$1,000,000 cathedral.
 He visited architects in Paris and Ber-
 lin for the purpose, and states that the
 proposed St. Louis cathedral will be
 one of the most imposing in the coun-
 try.

Judge Calhoun Sees Castro.
 Caracas, Sept. 20.—Former Judge
 W. J. Calhoun of Chicago, who is in
 Venezuela as special commissioner of
 the United States, was received by
 President Castro today.

Killed Entire Family.
 Lisbon, Sept. 20.—The Oporto ex-
 press collided with a motor car which
 was crossing the railroad and killed
 its occupants, a husband and wife
 and their two children.

TERSE TELEGRAMS
 Justice William J. Gaynor declined
 to accept the fusion nomination for
 mayor of New York city.

The universal peace congress is in
 session at Lucerne, Switzerland, with
 340 delegates in attendance.

Almost the entire business section
 of La Porte, Cal., was destroyed by a
 fire, at a loss of about \$100,000.

The annual convention of the Amer-
 ican Federation of Labor will be held
 at Pittsburgh, Pa., beginning Nov. 13.

The Cherokee national council has
 convened in final session, the last to
 be held before the dissolution of the
 tribal government next March.

Three men were killed and two fa-
 tally injured by the collapse of a scaf-
 fold in the new parish church of St.
 Cunegonde, a suburb of Montreal.

Wade S. Stanford has been appoint-
 ed United States district attorney for
 the northern district of Indian Terri-
 tory in place of P. L. Soper, resigned.

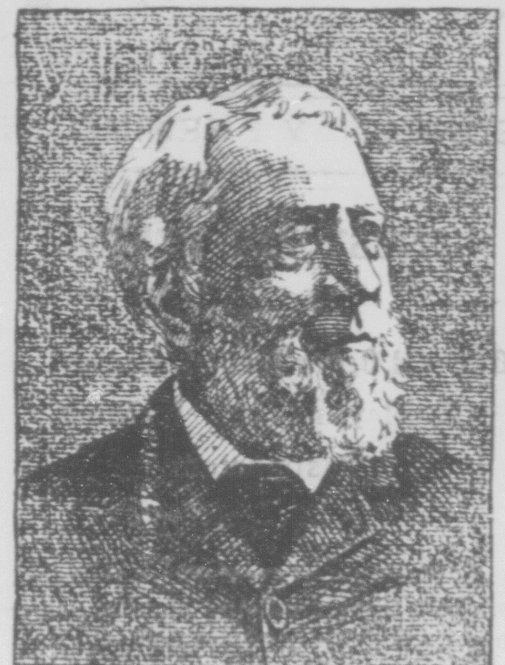

Robert E. Kidd of Staten Island, N.
 Y., was killed and S. Hinman Bird
 of New York city, was seriously in-
 jured in an automobile accident at
 Hightstown, N. Y.

There has been a net gain of 5,000
 members of the Sons of Veterans dur-
 ing the year. There are now eighty-
 eight camps with a total of over 30,
 000 members in good standing in the
 order.

AGREED WITH BOOKS

Amount in Government Treasury Tal-
 lies With Expectations.

Washington, Sept. 20.—The count
 of the cash, notes, bonds and other
 securities in the treasury of the
 United States, incident to the transfer
 of the office of United States treasur-

ELLIS H. ROBERTS.

er from Ellis H. Roberts to Charles
 H. Treat, has been completed and
 found to exactly agree with the treas-
 ury books.

The total on July 1, 1905, was found
 to be \$1,259,589,278.58. This total is
 an increase of \$462,672,839.41 over the
 amount transferred by D. N. Morgan,
 the outgoing treasurer, to Mr. Rob-
 erts on July 1, 1897.

HERE ARE THE SCORES

Story of Yesterday's Games in the Big
 Leagues Briefly Told.

NATIONAL LEAGUE.

 Second game, New York, 0; Philadel-
 phia, 3.

At St. Louis, 3; Chicago, 8.

The Reward Doubled.
 Schenectady, N. Y., Sept. 20.—Well-
 ton Stanford, a nephew of the late
 Mrs. Jane Stanford, who died at Hono-
 lulu last summer, has not been satis-
 fied with the reports concerning her
 death and is a firm believer in the
 murder by poison theory. Some time
 ago he offered a reward of \$1,000 for
 information leading to the arrest and
 conviction of the poisoner, but that
 did not accomplish his object. He now
 announces that he will raise the
 amount to \$2,000. He has private de-
 tectives at work on the case.

Troops Keep Their Distance.
 Christiania, Sept. 20.—The Aften-
 posten declares that though during
 the negotiations at Karlstad no troops
 either Swedish or Norwegian will be
 ordered to the frontier, and though the
 frontier guards on both sides will with-
 draw to a distance sufficient to pre-
 vent collision, there is as yet no ques-
 tion of sending the troops home.

Improvement Quite Satisfactory.
 New York, Sept. 20.—The following
 bulletin in regard to the condition of
 Baron Komura was issued last even-
 ing: "The improvement in the con-
 dition of Baron Komura continues
 without interruption and is quite sat-
 isfactory to the attending physicians."

Yellow Fever Figures.
 New Orleans, Sept. 20.—Report of
 yellow fever conditions to 6 p. m.,
 Tuesday: New cases, 34; total to
 date, 2,643; deaths, 4; total deaths,
 345; new foci, 5; under treatment,
 321; cases discharged, 1,973.

Last Survivor Dead.
 Kansas City, Sept. 20.—Jos. Lang-
 don, the last survivor of the company
 of cavalry which captured Jefferson
 Davis, is dead at his home in Tacoma,
 Wash. He lived for many years at St.
 Joseph, Mo.

SOMETHING WORTH LOOKING AT.

Are the Shirts, Shirtwaists, Collars and Cuffs done up at the Rushville Steam Laundry. They look as spotless, clear and fresh as in their pristine beauty, without flaw or fray. No one in this town can begin to compete with us in fine laundry work. Our knowledge, skill and experience makes our work a masterpiece.

Rushville Steam Laundry,
Phone 342. 221 Morgan

Practical Recipes

For the Housewife

FRIED FISH.

When the fish is properly cleaned instead of putting it into a small quantity of fat or grease, wipe dry; then rub with plenty of salt and pepper; let it lay an hour or two before using; roll in corn meal or flour: have ready fat sufficient for it to swim in; the fat must be boiling hot; put the fish in whole, or cut in pieces. It will come out nicely browned, and not filled with fat, as in the ordinary way of frying.

MARLEBOROUGH PIE.

Six tart apples, 6 ounces of sugar, 6 ounces of butter or thick cream, 6 eggs, the grated peel of 1 lemon and one-half the juice. Grate the apples after paring and coring them; stir together the butter and sugar, as for cake. Then add the other ingredients, and bake in a rich under-paste only.

WALDORF SALAD.

One dozen medium sized apples, 3 bunches of celery; chop together, not too fine; add $\frac{1}{2}$ pound of walnuts chopped. Dressing—Three eggs, 1 cup sugar, $\frac{1}{2}$ pint vinegar. Let come to a boil; add eggs and sugar beaten together; Cook until thick; add lump of butter; pour over and it is ready to serve.

CRAB APPLE JELLY.

Wash the apples, halve them and cut out the blossoms. Then put them into a porcelain-lined kettle and turn

boiling water on them but not enough to cover them (as some say), and cook them until very soft, stirring them occasionally to prevent burning. (Here let me say that you need not be at all careful for fear of mixing the pulp with the syrup, as it makes no difference whatever.) Next remove them from the fire and let them cool off some, and then put them into a bag made double from a piece of an old table cloth coarse and soft, and then put them into a large milkpan and squeeze them. After squeezing out a little, empty them into the kettle, and so on doing, that they might not soak into the bag again. Now comes an important little item which I found out at the time and did not know before. In consequence of having the bag double I found that I could squeeze them very hard without any of the pulp getting through. You can easily tell when this part of the work is done. Then I put the juice into the kettle and boil it, removing the scum as it rises, until perfectly clear, and continue to boil it a few minutes longer. I then measure it, and there is $1\frac{1}{2}$ quarts, and add just the same amount of sugar (granulated), and boil it a little over one-half an hour. You must "try it before that time—put a little into a tin dish and set it into cold water. Make just a little allowance for, after standing a day or two, it will be a little thicker than when you try it. If you find that your jelly is not thick enough the next day after it is made, you can turn it all back into the kettle and boil it over. Five minutes will make a great difference.

Have you read that very interesting magazine, *The Smart Set*?

Will Know Better Next Time.

Washington, Sept. 20.—The failure of Captain W. H. Hotville as master of the United Fruit company's ship Oteri, to give assistance to the United States ship Sylph, which was disabled off the coast of North Carolina on the night of April 12, has cost him his position through the revocation of his license by the United States steamboat inspection service. The distress of the Sylph occurred while Lieutenant Evans was bringing the vessel up the coast from Florida, where it had been used by Mrs. Roosevelt and the White House children for a cruise.

Dowie Spreading Out.

Mexico City, Sept. 20.—According to reports received from Tampico, where John Alexander Dowie, the prophet, has made arrangements to establish a colony patterned after the style of his Zion City colony near Chicago. Dowie has just paid by draft \$90,000 to Lieutenant Colonel Mennel Gonzales, owner of the Gonzales ranch, the property purchased for the purpose of establishing a colony of Zionists. The original purchase price was \$1,200,000.

Bank's Doors Closed.

Springfield, Ill., Sept. 20.—The Barry Exchange bank of Barry, one of the oldest banking houses in Pike county, has closed its doors and a notice posted on the door announces that it will not reopen until the return of Eugene Smith, the president, who has gone East to endeavor to straighten out the bank's affairs. Smith assigned all his holdings to W. W. Watson, a stockholder, and it is expected that the indebtedness, which amounts to about \$100,000, will be paid.

Authorities Interfere.

Salt Lake City, Sept. 20.—The John Willie-Gus Ruhlin fight, advertised to take place here next Tuesday night, will be prohibited by the county authorities, notwithstanding Mayor Morris has issued a permit for the fight. County Attorney Christensen states that the contest as advertised would be a prize fight and as such would be in violation of the law.

Photographing Lightning.

An English writer tells how lightning "sits" for its photograph: "Lightning can only be photographed at night. It is also impossible to use any cap or shutter for this work, inasmuch as the eyes do not observe a flash of lightning till at least a tenth of a second after it has passed. So that, having focused your camera beforehand, draw the shutter and hold the camera in the direction you think the flash will take and you must trust to the courtesy of the lightning to be there on time."

PATRIOTIC OLE BULL.

The Greatest Political Influence in Modern Norway.

What was it that made Ole Bull undeniably the greatest political influence in the history of modern Norway? The riddle is easy to read. Although he voiced the peasants, his own voice was that of no peasant, but one of the most severely learned of European utterances. His instrumental mastery was complete, and the technical difficulties of his compositions have left them for the most part unperformable. But Mozart was his chosen theme, worshiped with such an ardor of consecration that the whole range of his works had for him no secret. His fame, therefore, was of that order that opens all doors. Statesmen and chief captains like Bismarck and Von Moltke were his intimates, and he was their confidant. To world artists like Liszt, Chopin and Mendelssohn he was own brother. Indeed, a curious physical resemblance between Liszt and himself led to many amusing contretemps on this score. And sovereigns, diplomats and great nobles were all proud to name him among their friends. In him, then, Norway had found one who could stand for her in the highest ranks of the nations, learn for her the secrets of statecraft and recover in her behalf the trick of thinking like a king. For this is one of the losses entailed on a people who are governed by foreigners from a foreign seat—that they forget to think of their country as a whole, the habit that is the secret of rulers.

Yet it was only as a man and not by any means as a politician that an autocrat could claim the friendship of the distinguished artist. His own sovereign felt that he had cause for grave offense when the news reached Stockholm, in 1848, of his heading a procession in Paris to present the Norwegian colors to Lamartine. But even royal anger could not resist the good stories told on the next visit, and the king stood biting his lip at the careless bonhomie of Ole Bull as he turned suddenly and said, "By the way, sire, you should have been with us the other day in Paris when we went to acclaim Lamartine."—Margaret E. Noble in Century.

WOMEN'S WEAR IN WARTIME

Homemade Cloth of Many Kinds. Scrapped Horn For Hats.

We had one cotton mill to spin the warp. The people stood in line to get a bunch of cotton for warp. The filling was yarn, cotton, flax and tow. We got our dyestuff from the forest. It was almost as bad on timber as the tankard trade is now. There was great rivalry among the women to see who could have the prettiest dress. I have

a quilt made of cotton and linen called a "Confederate" quilt.

The clothing for every member of the family was made from the raw material, carded, spun, woven, dyed and made with homespun thread.

The tow linen cloth had one peculiarity. It was a great stretcher. It was often exchanged for other things. A man and his wife started to town with cloth sufficient to get some articles. On the way he remembered he needed a gilet also. He told his wife. They decided to tie the ends of the cloth to two saplings, he to stretch a gilet out of it.

I took great interest in the silk industry. We fed the worms on mulberry leaves, and such beautiful silk we did have. A bright stripe in a cotton dress made it very fine. A family-made gloves, beautiful silk mitts, with bees embroidered on the back. Nothing went to waste. The thorn trees furnished us pins and hairpins. Our millinery was our crowning effort. Hats were made of cotton thread crocheted, put on a block, stretched very stiff and ironed, then wired. We had homemade flowers and all kinds of material for trimming. A cloth frame made stiff and covered with scraped cow's horn was much admired, if it did look like a cocoanut cake.—Charlotte (N. C.) Observer.

This Stream Runs Up Hill.

One of the few instances of a stream running up hill can be found in White county, Ga. Near the top of a mountain is a spring, evidently a siphon, and the water rushes from it with sufficient force to carry it up the side of a very steep hill for nearly half a mile. Reaching the crest, the water flows on to the east, and eventually finds its way to the Atlantic ocean! Of course it is of the same nature as a geyser, but the spectacle of a stream of water flowing up a steep incline can probably be found nowhere else in the country and appears even more remarkable than the geysers of the Yellowstone.

Overconfidence.

It is a dangerous point in any man's career when he feels sure of his position or his fame. Overconfidence is the first sign of a decline, the first symptoms of deterioration. We do our best work when we are struggling for our position, when we are trying with all our might to gain our ambition, to attain that which the heart longs for.—Success Magazine.

The Real Test.

"Is he a thoroughly honest man?" "I don't know," answered the man from Missouri. "I have trusted him with hundreds of thousands of dollars. But I never tried him with a book or an umbrella."—Washington Star.

TO CATARRH SUFFERERS

Hyomei Guaranteed to Cure by F. B. Johnson or Money Refunded.

The popularity and increase in the sales of Hyomei are unique in the annals of medicine. Such astonishing cures have been made by this remedy that the proprietors have authorized F. B. Johnson & Co. to sell every package of Hyomei under an absolute guarantee that it will cure catarrh. If it does not, the purchaser can have his money refunded by F. B. Johnson & Co.

Hyomei is no ordinary remedy. It is the only method of treatment that sends by direct inhalation to the most remote part of the air passages, a balsamic air that destroys all catarrhal germs in the breathing organs, enriches and purifies the blood with additional ozone, and makes a permanent and complete cure of catarrh.

The complete Hyomei outfit costs but \$1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper, and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows nature in her methods of treating diseases of the respiratory organs.

Breathe through the inhaler for a few minutes four times a day, and your catarrh is cured. That's all.

If not cured, F. B. Johnson & Co. will refund your money.

Southern Arkansas Lands

Timbered, rolling, perfect drainage, no swamps, good water. Grow corn, cotton, small grains, cow-peas and believed to be the coming clover and alfalfa country—porous clay soil and clay subsoil—cheapest lands in Southwest. Splendid stock country—10 months range.

Write for Southern Arkansas booklet and Homeseekers' rates Sept. 19, Oct. 3 and 17, Nov. 7 and 21.

Help Your Church or Favorite Organization Win

The \$300 Prize Piano Offered by the Rushville Republican.

There's only one sure way to get anything worth getting—that's by going after it earnestly, vigorously, persistently. If you want your church or organization to get The Republican's \$300.00 Piano, demonstrate your desire, by the casting of your own votes and enlisting the efforts of your fellow-members. Constitute yourself a committee of one to keep the good work going. Appoint your friends' sub-committees with full powers to negotiate with neutral parties and to gather in the elusive floating vote. Remember that on the First of

November some one of the contestants will receive, free of all cost, a \$300.00 Chase Piano—and your favorite might as well be the fortunate recipient of this valuable prize.

The Piano is now on exhibition at **THE REPUBLICAN OFFICE**. No one should fail to see it. Its a magnificent instrument, purchased by The Republican from The Starr Piano Company, of Indianapolis, and is fully guaranteed in every respect.

THE WAY TO WIN IS TO WORK. DON'T LET A SINGLE VOTE GET AWAY.

Do You Want Good Flour?

If so, do not accept anything but "Indiana Pride" and "Purity," made by the Rush County Mills. Your Grocer may tell you that he has other Flour that is just as good, but he has not, for "Indiana Pride" and "Purity" have given satisfaction where all others have failed.

RUSH COUNTY MILLS

C. G. Clark & Sons.

The Rush County Gro. Co.'s

Prices and Quality Have Won.

Owing to our increasing Saturday trade we were unable to fill all our orders promptly and therefore we have concluded to have two Special Sale Days, Friday and Saturday. All orders received Friday will be promptly filled at prices quoted below:

SPECIALS FOR FRIDAY AND SATURDAY.

If possible leave orders Friday and avoid the Saturday Rush.

California Hams Sugar Cured, very fine, only 9c a pound.

Owing to the large demand for these hams last Saturday we ran entirely out. We have placed an order for a much larger quantity for this week and we'll be able to supply everyone. This shipment will be unwrapped and you will have nothing to pay for but meat, and can see exactly what you are getting.

Nice large home-grown Potatoes, only 55c a bushel, Friday and Saturday only.

SUGAR. Everybody uses Sugar and this is the season of the year when it is mostly used. Therefore we will make a special price for Friday and Saturday. Remember we sell only the very best Standard Granulated Sugar and you can always depend on full weight, notwithstanding what other dealers may tell you.

18 1/2 pounds best Granulated Sugar \$1.00.

20 pounds best White A Sugar \$1.00.

Table Syrup.

Rose of Sharon Table Syrup. We guarantee the quality of this Syrup to comply with all the pure food laws.

1 gallon buckets 30c.

Half gallon buckets 16c.

Quart cans 8 1/2 c.

If you like syrup you can't buy anything better than the Rose of Sharon brand.

PURE MAPLE SYRUP.

Purity guaranteed. 25c for a full quart bottle.

Flour.

Our price on Flour for this week is as follows:

HAVE YOU TRIED OUR COFFEES?

15c, 20c and 25c a pound.

If you haven't, you don't know how good they really are.

Waldorf, the Coffee that pleases everybody. Those who have used 30c and 35c Coffee and are now using Waldorf say it is better than any Coffee they have ever used. Quality always the same. We guarantee every pound of it.

Only 20 Cents a Pound.

Last Saturday our trade was far beyond our expectations and it was impossible for us to handle it satisfactorily to all. However, we have made ample provision to handle all our trade from this time on, and will see that all orders are promptly filled and delivered. Little mistakes are liable to happen, but we are always ready and willing to rectify same. Remember the person who does nothing is the one who never makes mistakes.

Watch for our weekly ads. It will pay you.

LOCAL BREVITIES

Fair tonight and Thursday. Warmer Thursday and north and central portion tonight.

Considerable hog cholera is reported in the northern part of the county.

Markle & Wellman shipped 170 head of hogs to Cleveland, O., yesterday.

Mrs. J. F. Bigger is very ill with lung trouble at her home in Circleville.

Born Monday night to Everett Carter and wife, at the Grand Hotel, a 9 pound boy.

Fresh oysters have appeared on the local market. T. B. Monjar was the first to have them on sale.

The Wednesday Evening club will meet at 7:30 tonight the office of Watson, Titsworth & Green.

Uncle Alfred Peters, who has been quite sick at his home on East Ninth street, is some better today.

Marshall Barnard, of Manilla, who has been sick with typhoid fever for some time, is now able to be out.

The colored people of the city will give a ball Thursday night in the Poundsstone hall on Morgan street.

Mrs. Harrison Miller is suffering from complications following an operation for cataract on one of her eyes.

John E. Smith will have a sale of Jersey cattle, horses, and sheep at his farm, two miles north of Gings September 27th.

Greensburg Review: Marsh Stevens and wife, of Rushville, are here on account of the death of the late Miss Bessie Montfort.

W. O. Walton has accepted a position as traveling salesman for John B. Bright & Son, Wholesale Coffee House of Indianapolis.

Edna O., the fast little mare purchased by Dick Wilson from W. W. Offutt, went a mile in 2:11 1/4 at Columbus, O., yesterday.

The East Hill Cemetery company will meet at the Rushville National bank on the first Monday in October for the annual election of officers.

Robert E. Readle has been granted a license to marry Mabel E. Benning, and Charles Fulton has been granted a license to wed Elva Ethel Ernest.

Members of the Salvation Army from Connersville arrived in this city this afternoon and held services on the corner of Second and Main streets.

A new city directory just compiled gives the estimated population of Greensburg as 7327. The last directory issued five years ago, gave the city a population of 5304.

The Big Four will run an out-of-town excursion to Marion Sunday, September 24th, selling tickets for one fare for the round trip. Train leaves Rushville at ten o'clock a. m.

The case of the State of Indiana vs. David Palmer for larceny, has been set for trial in the circuit court on the 25th inst. The Walker divorce case will be heard on the next day.

The beautiful residence home of Mrs. Sophia Gordon at Metamora, broke out in a mass of destructive flames about 10 o'clock this morning and in a short time the entire building was burned to the ground, entailing a heavy loss. The fire originated from a defective flue.

In reports recently made out by the Board of State Truancy the good results of the compulsory education law, which has been on the statutes since 1899, are shown. Between 30,000 and 30,000 children are brought into school annually by this law, it is said.

Rev. C. W. Tinsley, formerly of this city, has been returned to his charge at Terre Haute by the Methodist conference for the Northwest Indiana District, which just closed its sessions at Michigan City. Rev. Tinsley will again have charge of the Centenary church, the leading church at Terre Haute.

The latest report in base ball circles at Greensburg now, is to the effect that Geo. Menize, a popular base ball enthusiast of that town, has purchased from John A. Spinney, former manager of the team there, the grandstand, canvas, fence and other equipments of the park and will make an effort to organize a stock company to back the team next season.

The farmers of Decatur county will urge that a law be passed at the next session of the general assembly, prohibiting the killing of quail for a period of years. "Bob White" is scarcer this fall than for many years and the hunter will tramp many a weary mile without finding a single covey. The farmers too are exercising a close guard over their farms and in many communities they have formed organizations to prosecute trespassers and violators of the game laws.

Mrs. Georga Ferrell, of Morristown, was in a serious runaway accident near her home town Sunday evening that resulted disastrously for herself and a small child. Both were thrown from the buggy when the animal crashed into a barbed wire fence. The child was rendered unconscious from a blow on the head and remained so for several hours. The horse in its plungings to tear itself from the wires that were cutting it frightfully, fell upon Mrs. Farrell and both her hips were badly crushed and bruised. Persons who saw the runaway hastened to the scene and mother and babe were hurried to the sanitarium of Dr. R. S. McCray for medical and surgical attention.

Carl V. Nipp, who left last evening for Ann Arbor, Mich., where he will, for the next three or four years, study law at Michigan University, has transferred all of his insurance agencies, those of the American, Newark, Girard of Philadelphia, Glen Falls, and Agricultural of Watertown, N. J., together with his office fixtures, to his brother, Frank Nipp, who has had considerable experience in insurance work and his father, John Nipp. Mr. Nipp, before he left for Ann Arbor last night, expressed his appreciation of all the kindnesses heaped upon him by those who have entrusted him with their business. We feel certain that through the new agents, the interests of the insurance companies will be as ably looked after as they have been in the past. Rushville people wish Mr. Nipp the best of success in his work at Ann Arbor.

Several weeks ago the Indianapolis & Cincinnati Traction company made an effort to purchase a piece of property owned by Deloss Thompson, in Waldron, over which they desired a right-of-way for their Greensburg extension. Mr. Thompson, so it is reported, offered to sell the ground for \$1000. The interurban company finally agreed to pay this amount for the land and then Mr. Thompson changed his mind. The last offer by the company was \$1300. This was also refused. The traction company brought condemnation proceedings against Thompson, and M. R. Montgomery, Mose Levinson, of Shelbyville, and John R. Tomlinson, of Fairland, were appointed appraisers to assess damages. They have now filed their report and find that Mr. Thompson's land will be damaged to the extent of \$275 and a shed and scales to the extent of \$25. According to a deed recorded at the Shelby county court house, Mr. Thompson just recently transferred a piece of land forty feet in length to the Big Four railway company and the deed says in consideration of \$1.

SOCIETY NEWS

The wedding of Miss Nellie Esther, daughter of Mr. and Mrs. Thomas Felts, and Mr. Clarence Earl Banta, both of this city, is announced to take place at the home of the bride-elect's parents on October 31st.

Indianapolis News, Tuesday: Invitations have been received for the marriage of Charles F. Schattner and Miss Susie C. Nesbitt, of Coeur D'Alene, Ida., to take place tomorrow morning at St. Thomas' church, Coeur D'Alene. Mr. Schattner is a brother of Mrs. Thomas A. Rafferty, of 1734 Spann avenue, this city, and a son of Mr. and Mrs. Henry Schattner, of Rushville. He is well known in business circles in Rushville, and left for the West six years ago. Miss Nesbitt is a cousin of Governor LaFollette, of Wisconsin.

At Strohbeck, Prussian Saxony, chess is a part of the regular school curriculum and every boy and girl carries a board and men.

All up-to-date housekeepers use Red Cross Ball Blue. It makes clothes clean and sweet as when new. All grocers.

AMUSEMENTS

"Standing Room Only" was the sign that greeted the late arrivals at the door of the city opera house last night, when Nesbit Scoville appeared in "The Country Kid," a comedy drama in four acts. Every seat in the house was taken and the big audience was kept continually in an uproar of laughter. The applause was deafening as each thrilling climax of the play was reached. Mr. Scoville made a decided hit and his acting was easily the one feature of the show. Arthur Nelson, as Howard Stanton, the villain, and A. J. Hicks, as Isaac Einstein, the peddler, were good and May, as Alice Livingstone, showed to advantage, but the other characters were hardly portrayed with that grace and dignity essential to the parts. Considering the size of the band and orchestra, some good music was furnished. As a rule the audience was fairly well pleased with the performance.

"The Hustler," J. A. Bradley's musical farce comedy, is the next attraction at the city opera house. "The Hustler" is produced by a large and capable company. It will open its season in Rushville on Tuesday, Sept. 26th.

Red Cross Ball Blue should be in every home. Ask your grocer for it. Large 2 oz. package only 5 cents.

Free Massage.

Mrs. Conover, the corset demonstrator is stopping at Mrs. Chas. Cowing's, 211 West Second Street, and solicits the patronage of ladies for a free face massage of evenings. 1444
